## Description

### OSC5112I Eaves

#### Low noise level

Amica hoods are characterized by a very low volume level, so that the sound of the working device will not interfere with even if the kitchen is connected to the living room.

#### Halogen lighting

Amkokia cabinets are equipped with halogen lighting. For all models, the inclusion of lighting is independent of the hood.  
Effect: user convenience.

#### Aluminum fat filter

Dome, chimney, telescopic and universal hoods have aluminum filters to separate fats from the absorbed fumes. They are made of corrosion resistant material and are suitable for repeated cleaning. Effect: protection against greasy deposits on walls, furniture and ventilation ducts.

#### Number of engine revolutions: 3

You can adjust the speed of the hood depending on your needs.
